## **TOSOH 'S POLICIES ON SLAVERY AND HUMAN TRAFFICKING**

Tosoh Europe operates policies which reflect its commitment to acting ethically and with integrity in business relationships, designing and implementing controls to ensure slavery and human trafficking should not take place anywhere in its supply chains. It continually evaluates business practices to ensure high standards of business behavior and social responsibility are exceeded.

The code of conduct promotes fairness and dignity for the people involved in the business. This includes the products, goods and services provided by suppliers through their supply chain. It is important to Tosoh Europe that all suppliers represent the Society in a manner that reflects its focus on doing the right thing for customers, employees and stakeholders.

Tosoh Europe asks all suppliers to adhere to its code of conduct, which includes human rights standards relating to forced or involuntary labor, human trafficking, child labor, working hours, wages and benefits, freedom of association, harassment and bullying.

### **SUPPLY CHAIN RISK**

As Tosoh is not in an industry with a high risk of modern day slavery, a risk based approach has been adopted to review supply chains that fall within industries that carry a higher risk of modern day slavery. Tosoh seeks further assurance in asking suppliers to adhere to the code of conduct through completion of a self-assessment in relation to their supply chain. Instances of non-compliance would be considered a breach of the code of conduct, wider policies and/or supplier standards.

### **DUE DILIGENCE PROCESSES FOR SLAVERY AND HUMAN TRAFFICKING**

As part of Tosoh Europe's initiative to identify and mitigate risk, the company carries out appropriate due diligence when engaging and working with suppliers, whilst also ensuring that the work undertaken is proportionate to the services to be provided and the risk involved.

### **TRAINING**

Tosoh Europe provides relevant training and career development for all employees. Managers receive further support that includes training and line manager guidance to ensure consistency on the application of recruitment processes, management of suppliers and policies on fair treatment at work and equality and diversity.
